practice, and regulation...**

INAUGURAL CNMF WEST AFRICA REGION CONFERENCE

21-23 April 2026 Abuja Nigeria

GUIDANCE FOR CLAIMING CREDIT UNITS FOR ATTENDANCE AT OR PRESENTATION TO THE CONFERENCE

The Conference Committee provides the following guidance in relation to claiming credit units toward the renewal of Professional License for attendance at or presentation to the conference:

1. Pre-recorded presentation but no physical attendance at conference –
= 2 credit units
2. Oral or poster presentation at the conference –
= 2 credit units
3. Attendance for one day only of the conference –
= 2 credit units
4. Attendance for two days only of the conference
= 4 credit units
5. Attendance for all three days of the conference
= 6 credit units

For example:

- A presenter who only attends only one day of the conference (the day they present) will be able to claim 2 x credit units for their presentation + 2 x credit units for attending for one day = 4 credit units.
- A presenter who does an oral or poster presentation and attends all three days of the conference will be able to claim 2 x credit units for their poster presentation + 6 credit units for attending all three days of the conference = 8 credit units.

It is the responsibility of each presenter or participant to claim only those credit units they are entitled to and which they can then justify to the Nursing and Midwifery Council of Nigeria.
