PROFESSIONAL SUMMARY

Registered Nurse and Midwife with clinical experience across patient care, community health, and quality improvement, alongside experience in evidence-based practice, research collaboration, and conference engagement. With a strong interest in occupational health, telehealth, digital health, AI in healthcare, and health communication, I am passionate about using research, technology, and effective communication to support better healthcare delivery.

DIGITAL SKILLS

- Microsoft Office Suite, Google Workspace, and EHR management
- AI-assisted research, writing, and productivity tools
- Digital documentation, data entry, and basic data analysis
- Virtual communication and cloud-based collaboration

CORE NURSING SKILLS

- Comprehensive patient assessment, medication administration, and holistic nursing care
- Clinical documentation, infection prevention, and evidence-based decision-making
- Patient education, counseling, and health promotion
- Interdisciplinary collaboration, time management, and prioritization

WORK EXPERIENCE

Virtual Medical Assistant — *Amarae Telemedicine Academy, Remote*

June 2026 – Present

- Updated and maintained patient medication profiles in Simple Practice EHR, supporting safe medication reconciliation and reducing documentation errors.
- Managed a high volume of inbound and outbound clinical calls, maintaining a 98% patient satisfaction rating through professional and efficient inquiry resolution.
- Audited and tracked medical records and referrals with zero errors, maintaining 100% HIPAA-compliant patient files ready for immediate physician review.
- Coordinated appointment scheduling across multiple agencies and allied health professionals, reducing patient no-show rates and improving continuity of follow-up care.

Registered Nurse and Midwife — *Edo Specialist Hospital, Benin, Nigeria*

August 2025 – August 2026

- Completed 2,500+ clinical hours across Emergency, Medical, Surgical, Dialysis, Maternal, NICU, and Outpatient units, demonstrating clinical competence, adaptability, and commitment to high-quality patient care.
- Delivered comprehensive, patient-centered nursing care in high-pressure environments, contributing to improved patient safety, comfort, and continuity of care through timely assessment, intervention, and monitoring.
- Supported emergency, trauma, and critical care services by assisting with triage, resuscitation, patient stabilization, and post-operative management, helping to facilitate timely interventions and positive patient outcomes.
- Contributed to improved treatment adherence and long-term health outcomes by providing dialysis support, maternal and neonatal care, patient education, and health promotion across diverse patient populations.
- Maintained high standards of clinical documentation, infection prevention, and medication safety, supporting quality assurance, regulatory compliance, and safe healthcare delivery.
- Collaborated with multidisciplinary teams to coordinate patient care, participate in quality improvement initiatives, and strengthen service delivery through effective communication and evidence-based nursing practices.

Medical Communications Manager — *Dokitami, Nigerian Telehealth Platform, Remote*

June 2026 – July 2026

- Served as the primary point of contact for prospective clients, guiding end-to-end consultations via WhatsApp API and telephone using evidence-based clinical communication techniques to build trust and support patient conversion.
- Delivered accurate health information and product education, enabling informed decision-making while maintaining compliance with organizational communication standards.
- Maintained accurate patient records and communication logs, ensuring data accuracy, confidentiality, and compliance with telehealth documentation standards.
- Leveraged digital communication platforms and AI-assisted productivity tools to streamline workflows and improve response efficiency.

Community Outreach Team (Volunteer) — Orange Sky Foundation (NGO), Benin, Nigeria

October 2025 – March 2026

- Supported health education and awareness campaigns while strengthening communication channels between project teams and local communities.
- Engaged diverse community members with empathy and cultural sensitivity, coordinating with stakeholders across pre-, during, and post-outreach phases to increase community ownership and achieve an 80% outreach success rate.
- Utilized Google Workspace tools to identify and engage potential lead sources, successfully converting 70% into active stakeholders and collaborators.

Nursing Career Summit Support (Volunteer) — Nursiscope Mentorship Academy, Alberta, Canada

November 2025

- Contributed to the planning and coordination of the Nursiscope Career Summit, achieving an 80% success rate in troubleshooting attendee challenges.
- Supported initiatives that promote professional development within the nursing community, including online campaigns and engagement activities.
- Collaborated with organizers and participants to ensure smooth event execution and overall success.
- Provided virtual support during the event by guiding participants, managing inquiries, and resolving technical issues.

RESEARCH AND ACADEMIC ENGAGEMENT

Research Mentee — Nursiscope Mentorship Academy

November 2025 – May 2026

Engaged in structured research mentorship focused on healthcare innovation and evidence-based nursing practice.

CONFERENCE PRESENTATIONS AND ENGAGEMENT

Commonwealth Nursing & Midwifery Federation (CNMF) West Africa Regional Conference — Abuja, Nigeria

April 21–23, 2026

- Presented the abstract, “Beyond the Classroom: Enhancing Nursing Education Through Professional Experiences and Volunteer Opportunities,” contributing to discussions on strengthening the transition of graduate nurses into clinical and professional practice.
- Served as Conference Moderator, facilitating academic discussions and promoting knowledge exchange among participants.
- Engaged with healthcare professionals, researchers, educators, and nursing leaders, gaining exposure to current trends in nursing education, research, leadership, and healthcare delivery.

Africa Digital Health Summit — Lagos, Nigeria

June 25–26, 2026

- Contributing Author for the scholarly work: Julius, A., Amusan, T.C., Agnes, T.O., Alao, G., Ekponbor, E., Chimezie, C., & Akingbade, O. (2026, June 25–26). AI-Driven Chatbots in Health Education and Patient Support: A Scoping Review of Usability and Effectiveness [Oral presentation]. 6th Africa Digital Health Summit, Abuja, Nigeria.

EDUCATION
